## Pressinfo

A week before Lemmy's death, on Hans Haberkorn's birthday, Martin Jaeger and he decided to start a Motörhead Tribute Band. At the beginning of 2016 the time had come - and Motörhaze quickly gained the hearts of the mourning fans, who were still baffled by the loss of Lemmy Kilmister. Never again hear the songs of this great band live - not only for the great Motörhead fan Hans Haberkorn and his bandmates an intolerable performance.

So every Motörhaze show is a roaring homage to the biggest, only real Rock'n'Roller ever. The tribute band has managed to revive the energetic show of the original by the tremendous sound and the vocal and visual similarity of the front man. Voted „Best Coverband Rheinland-Palatinate“ in June 2017, they delivered many celebrated performances, ia. Rockfels Festival Loreley (2017 & 2018), Clubs all around Germany, Belgium, Switzerland, etc.

With rock classics such as „Ace of Spades“ - „Killed by death“ - „No class“ or „Bomber“, Motörhaze keeps Lemmy's legacy alive, brings even die-hard fans tears to their eyes, because that's it feeling he is still alive.

At the end of 2017, Motörhaze got with the support of Kurt & Carlos Ebelhäuser (Scumbucket, Blackmail, etc.) into their recording „studio 45“, where they recorded their tributesong „The King Of Rock'n'Roll“, a worthy tribute to Lemmy. The song and video was released on Lemmy's 2nd anniversary, December 28, 2017, on Facebook and YouTube, as well as on Rockland Radio. The song achieved just under 60,000 video views in less than four weeks on Facebook alone!

Therefore, it will continue in the future:

„We are Motörhead, and we play Rock'n Roll !!“
